PUB's Three Notice Process To Stop Schools Vaxxing Children

By popular and urgent demand, here lies PUB's three notice process to deal with the clear and present threat that UK schools will be offering the experimental COVID-19 'vaccines' to 12-17 year olds next month, following the JCVI's recent u-turn on its 15/07/2021 assessment that [the risk outweighed the benefits of vaxxing anybody under 18](#).

Notice of Conditional Acceptance

The Notice of Conditional Acceptance should be sent to the governors of any school which has indicated that they have plans to facilitate the 'vaccination' of your child, conditionally agreeing to grant your consent in the event they can provide you with the material evidence you ask for.

Moreover, every parent should engage in this process acting as a Trustee of the People's Union of Britain [PUB], in order to establish their legal protection, under the provisions of the Treaty of Universal Community Trust.

Each missive must also be sent by recorded mail or special delivery and all mailing receipts must be retained, so that it can proven that every notice was duly served upon the intended recipients.

Dear Sir/Madam,

RE: SCHOOL VACCINE POLICY.

In relation to UK Government COVID-19 'Vaccine' Policy, under the protection of the People's Union of Britain, you are hereby served notice that I conditionally accept that you are lawfully entitled to 'vaccinate' my child, [add name of child], whilst in the care of the headteacher at the school, whether on school premises or elsewhere, provided you deliver to me the following:

- 1) Material evidence, not hearsay or opinion, which proves beyond reasonable doubt that the COVID 'vaccines' are incapable of harming my child.
- 2) Material evidence, not hearsay or opinion, which proves beyond reasonable doubt that the COVID 'vaccines' have undergone rigorous double-blind placebo safety studies.
- 3) Material evidence, not hearsay or opinion, which proves beyond reasonable doubt that my child will not die, suffer or develop any adverse reactions including, but not limited to, neurological problems, blood clots, blindness, nerve damage, deafness, autoimmune disease, anaphylaxis, anaphylactoid reactions, allergies, fertility complications, Guillain-Barré Syndrome, etc and/or suffer any other form of harm, complication, or die as a result of or because of being injected with any COVID-19 vaccine.
- 4) Material evidence, not hearsay or opinion, which proves beyond reasonable doubt that the COVID 'vaccines' approved for emergency use by the MHRA provide immunity from either SARS-COV-2 or COVID-19.
- 5) Material evidence, not hearsay or opinion, which proves beyond reasonable doubt that the school has sought legal advice on whether it is lawful to administer emergency use 'vaccines' to children on the school

premises and that you have performed an appropriate risk assessment.

6) Material evidence, not hearsay or opinion, which proves beyond reasonable doubt that you have employed the Precautionary Principle when deciding whether or not to 'vaccinate' children at the school.

7) Material evidence, not hearsay or opinion, which proves beyond reasonable doubt that you have informed your public indemnity insurers if there is any possibility that serious or fatal 'vaccine' adverse events might ensue upon 'vaccination' of my child, in which case you would be liable for gross negligence and perhaps even manslaughter.

Please deliver to me these reasonably requested items within seven days of your receipt of this notice, given the seriousness of the matters raised and the apparent imminence of the school adhering to the UK Government policy of rolling out the COVID 'vaccines' for children.

I look forward to hearing from you without delay in signed writing.

In sincerity and honour, without ill will, frivolity or vexation,

Notice of Opportunity To Cure

Given that the evidence you will be asking for does not exist, in the extremely likely event you don't receive what you asked for within seven days, the Notice of Opportunity To Cure should be sent, reiterating the terms of the first notice, giving the school governors another three days to respond appropriately.

However, the only acceptable responses would be either providing you with the material evidence requested, or an agreement to cease and desist in their 'vaccination' plans.

Dear Sir/Madam,

Please deliver to me these reasonably requested items within three days of your receipt of this notice, otherwise I will hold you all personally liable for any adverse events which arise from the school adhering to the UK Government policy of rolling out the COVID 'vaccines' for children.

I look forward to hearing from you without delay in signed writing.

Notice of Default

If the governors propose that you should enter reasonable discussions before they take a position on the issues you have raised, this process should be suspended pending the outcome of further communications. The same would apply in the event this happens at an earlier stage.

However, if you don't receive what you have reasonably requested and the school governors refuse to cease and desist in their plans to 'vaccinate' your child, the Notice of Default should be sent, notifying them of the potential civil and criminal liabilities they have incurred.

Dear Sir/Madam,

RE: SCHOOL VACCINE POLICY.

Following your failure to respond to my notices dated 28/05/2021 and 01.06.2021, in relation to UK Government COVID-19 Vaccine Policy; under the protection of the People's Union of Britain, you are hereby served Notice of Default.

Please be advised that your silence on this very serious matter has given rise, by tacit procurement, to your agreement that:

- 1) There is no material evidence which proves beyond reasonable doubt that the COVID 'vaccines' are incapable of harming children.
- 2) There is no material evidence which proves beyond reasonable doubt that the COVID 'vaccines' have undergone rigorous double-blind placebo safety studies.
- 3) There is no independent material evidence which proves beyond reasonable doubt that my child will not die, suffer or develop any adverse reactions including, but not limited to, neurological problems, blood clots, blindness, nerve damage, deafness, autoimmune disease, anaphylaxis, anaphylactoid reactions, allergies, fertility complications, Guillain-Barré Syndrome, etc and/or suffer any other form of harm, complication, or die as a result of or because of being injected with any COVID-19 vaccine.
- 4) There is no material evidence which proves beyond reasonable doubt that the COVID 'vaccines' approved for emergency use by the MHRA

provide immunity from either SARS-COV-2 or COVID-19.

5) There is no material evidence which proves beyond reasonable doubt that the school has sought legal advice on whether it is lawful to administer emergency use 'vaccines' to children on the school premises and that you have performed an appropriate risk assessment.

6) There is no material evidence which proves beyond reasonable doubt that you have employed the Precautionary Principle when deciding whether or not to 'vaccinate' children at the school.

7) There is no material evidence which proves beyond reasonable doubt that you have informed your public indemnity insurers that there is any possibility that serious or fatal 'vaccine' adverse events might ensue upon 'vaccination' of my child, in which case you would be liable for gross negligence and perhaps even manslaughter.

The People's Union of Britain will issue any and all necessary legal proceedings to hold you to account for your complicity in what would be a crime ancillary to genocide against children, in the event you do not immediately abandon the plan to roll out the COVID 'vaccine' at [add name of school].

*I will also be holding you jointly and severally liable for any and all civil damages claims, in the event my child is 'vaccinated' without full and informed consent, which is simply impossible to give, whether under **Gillick Competence** or otherwise, in the absence of certainty as to the inherent risks.*

In sincerity and honour, without ill will, frivolity or vexation,

Next Steps

Unless the school governors abandon their plans to 'vaccinate' your child with an experimental, DNA-altering toxic-soup, PUB will hold them criminally liable for acts ancillary to genocide against children, in multiple breaches of well-established international law and conventions.

Furthermore, using a Common Law Lien process I have developed over the course of the past thirteen years, the injured parties will be able to obtain damages secured against the personal legal estates of the school governors, for the injuries caused by their gross civil wrongdoings.

Needless to say, the templates for that non-judicial process of obtaining damages payouts will be posted on this blog in due course, along with a webinar which will cover any question and queries people are likely to have.

However, it is anticipated that many of the school governors who are served the preceding three notice process will either suspend or terminate any and all plans to ‘vaccinate’ children in their care, rather than risk both bankruptcy and prison by ignoring or dismissing the serious issues raised.

Furthermore, the process can also easily be adapted to meet the needs of anybody who is under threat of losing their job for refusing to be jib-jabbed.
